About

## **DARSHAN UNIVERSITY**

Darshan University (DU), is a prominent organization offering a broad slate of academic programs and professional courses for undergraduate, graduate and postgraduate programs in Engineering & Technology, Management & Commerce and Humanities & Science. The University is located in peaceful and sylvan surroundings with distinctive collegiate structure, about 19 km from Rajkot, Gujarat, India. It was established as an Engineering Institute in the year 2009, by Shree G. N. Patel Education & Charitable Trust with the objective to impart quality education and training in various fields of Engineering and Technology. It has now been transformed to the DARSHAN UNIVERSITY through an Act by the Government of Gujarat under Gujarat State Private Universities (Amendment) Act, 2021 (Act no. 15).

From its inception, the organization has grown steadily and created a unique identity in the field of Engineering & Technology by implementing skill and training-based foundation for education. The academic environment at the campus creates an ambience to promote creativity and exploration of technical skills. Darshan University is committed to the generation of knowledge, innovations and its contribution towards the development of the Nation.

## VISION

To set an innovative & quality culture in academic education with keeping dynamic equilibrium to the needs of the society.

## MISSION

- To offer qualitative programs with the provision of adequate academic flexibility.
- To promote qualitative, value-based, and innovative teaching-learning culture among faculties and students by involving them in skill development activities with ensuring holistic development to its fullest extent.
- To create a collaborative environment, open to the free exchange of ideas, knowledge, technology, and resources with other academic institutes & industries.

## Our MOTTO

“ योग: कर्मसु कौशलम् ”

“

**Only University** in Gujarat,  
Managed & Run by  
**Academicians Only**

## DIGNITARIES

President

### **Dr. R G Dhamsaniya**

He is prominently recognized as a pivotal pillar and an outstanding administrator in the field of education. During 41 years of his career, He has notably contributed to the development of a quality-focused educational system and institutional governance.

Being a powerful blend of distinguished academician and profound visionary, he has successfully contributed to bridging the gap between academics and industries.

With the notion of skill-based education, he has established Darshan University, which is committed to developing a conducive learning environment, strengthening student progression and promoting value-based education.

Provost

### **Prof. M V Sanghani**

He is an academician with an in-depth knowledge and profound skill set in teaching pedagogy, education and administration. He plays a vital role in integrating academics with industries. His career experience spans around 38 years and, presently he is the founder & Provost of the University.

He has contributed towards the development and effective implementation of numerous education initiatives. He has been a key person to enhance the educational framework at the University and streamline it with the expectations of industries & corporate sectors. He is committed to creating an effective skill and training-based foundation for education where students are empowered to concrete their experience of learning and gain an edge in an increasingly competitive workforce.

# Darshan Institute of **ENGINEERING & TECHNOLOGY**

## Engineering & Technology @ DU

Over the last decade, the Darshan Institute of Engineering & Technology has been at the forefront in leading the changes and imparting value-added education enriched with state-of-art infrastructure facilities. It takes pride in becoming a premium engineering institute in Gujarat state. The faculties and students are continuously engaged in enhancing technical skills and integrating the same to solve complex challenges faced by industries & society, crafting a better future for all.

## Programs Offered

- **B.Tech.**  
AI/ML, Computer Science, Civil, EC, Mechanical
- **M.Tech.**  
Advanced Design & Manufacturing, Construction & Project Management, Software, Structural, Transportation

# Darshan Institute of **COMPUTER APPLICATION**

## **Computer Application @ DU**

It is a diverse and innovative institute with eminent professors, software developers, and students. Its mission is to create technocrats who can address challenging problems in the IT industry. Faculty actively contribute to technical domains like Artificial Intelligence, Machine Learning, IoT, DMS, Website & Mobile App, Software Testing, and Multimedia. The well-designed curricula and skill development activities align with industry needs, enabling students to gain relevant knowledge and proficiency in their chosen fields.

## **Programs Offered**

- BCA
- B.Sc. (Information Technology)
- B.Sc. (Honors) Computer Science
- B.Sc. (Honors) AI/ML
- MCA

# Darshan Institute of **SCIENCE**

## **Science @ DU**

The Darshan Institute of Science at the University delivers skill-based education in the field of science and technology which makes students ready to access opportunities in their professional careers and meet the challenges in today's competitive world. The institute offers well-equipped laboratories, field exposure, training and placement opportunities. In addition, we emphasize value-added education and the socio-cultural development of the students to shape them into good researchers, entrepreneurs, leaders and noble citizens.

## **Programs Offered**

- B.Sc. (Microbiology)

# Darshan Institute of **MANAGEMENT**

## **Management @ DU**

Darshan Institute of Management emphasizes learning through application and experience. We believe in contemporary management education and integrate it into our pedagogy. Students are equipped with knowledge and skills in analysis, communication, and management. Practical learning is fostered through industry visits, workshops, training, guest sessions, and live projects. The institute also nurtures human values and character development.

## **Programs Offered**

- BBA
- BBA (Entrepreneurship & Family Business)
- BBA (Digital Marketing)
- B.Com.
- MBA

A photograph showing three female students in light blue polo shirts and dark trousers, wearing lanyards, gathered around a surveying instrument (a total station) mounted on a tripod. One student is adjusting the instrument. In the background, a male student in a light blue polo shirt and dark trousers is holding a leveling staff. The setting is outdoors on a paved area with a stone wall and greenery in the background.

# Darshan Institute of **ENGINEERING & TECHNOLOGY** **FOR DIPLOMA STUDIES**

## **Diploma @ DU**

The Darshan Institute of Engineering & Technology for Diploma Studies offers various programs in diploma engineering. The learning pedagogy helps to strengthen students' foundational concepts and application of theory. It prepares students for their career prospects as well as for higher education. We provide a conducive learning environment to transact classroom learning into career opportunities through various skill-based training programs. We also emphasize project-based learning and technical training through internships in regional industries.

## **Programs Offered**

- **Diploma Engineering**  
Civil, Computer, Electrical, Mechanical

# Darshan Institute of **HUMANITIES**

## **Humanities @ DU**

The Darshan Institute of Humanities offers comprehensive programs in yoga and its various aspects. The institute is committed to imparting a deep and extensive understanding of yoga—its philosophy, practices, and applications—to aspiring students from diverse backgrounds. It focuses on training individuals to become compassionate, skillful yogis with profound knowledge of the subject. The institute offers a 6-month Certificate Course for SSC-passed students and a 2-year M.A. in Yoga program. These courses are designed to provide fundamental knowledge and training in yogic concepts.

## **Programs Offered**

- Certificate in Yoga Education (CYEd)
- Certification in Food Nutrition & Aahar
- MA Yoga

# SKILL DEVELOPMENT

Darshan University adheres to the **One Semester, One Skill** approach in each stream to promote technological advancement & ground level training through various activities such as hands-on practice, expert talks, industrial visits, skill development workshops and training programs. These activities bridge the gap between industries and academia, preparing our students to exhibit their competence & talent and stay ahead of the curve.

## About ASWDC

The University has its own Application Software Website Development Centre (ASWDC), which is managed by the Institute of Computer Application. The Centre works on student-driven live projects under the guidance of staff and industry experts. Students gain valuable industrial experience as well as extensive knowledge of cutting-edge technologies.

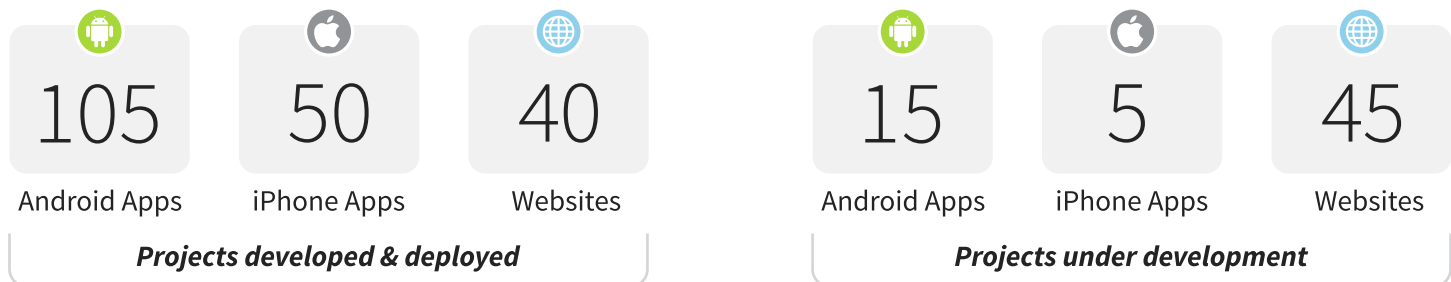

**ASWDC also acts as an Entrepreneurship Development Cell (EDC) where the ideas of students are nurtured, cultivated and transformed into real-world applications which are beneficial to the society.**

## Technologies we work on

## Projects @ ASWDC

**12 Million+** Mobile Apps Downloaded!

Darshan University is the **only University in Gujarat** which runs ASWDC that manages industry standard **Google Play Store & Apple App Store** Accounts

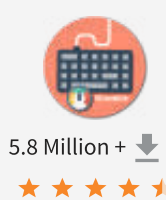

## Earn While You Learn

Based on the popularity and downloads of mobile apps, the students are earning a handsome revenue from ASWDC. A large number of students have already benefited.

# PROJECTS @ GLANCE

## VMC Machine

The VMC Machine was developed by Jenish Vejpara, Jeel Maradia and Jay Gondaliya with an aim to make a cost-effective and efficient VMC machine prototype for small and medium-scale industries.

## Electric Car

Pavitra Parsana, Kotadiya Deep, Savaliya Arjun, and Trada Shyam have developed a working model of a zero-emission electric car.

## Paver Block Using Plastic Waste

Radadiya Hemashu, Morad Sachin, Patoliya Nikunj and Sidpara Bhavin have achieved a reduction in the cost of paver blocks by substituting cement with plastic waste.

## Compressed Air Powered Vehicle

Pansuriya Kishan, Hadwani Akshay, Kotadiya Kalpesh and Sorathiya Nishit have developed an eco-friendly Air Powered Car to reduce the air pollution.

## Automatic Bottle Filling Machine

Vivek Pithadiya has designed and fabricated an energy-efficient automatic bottle filling machine which can fill 600 to 650 bottles (200 ml to 450 ml) per hour.

## Surveillance Drone

The drone assemblies were developed by Bhut Reenidh and Patel Yash. Developing drone assembly aiming to create a versatile and stable UAV capable of handling various tasks.

## Green Building

Gajjar Harsh, Kalariya Krish, Jethva Madhav & Ambasna Tisha developed an eco-friendly sustainable building crafted from natural resources which promotes the use of renewable materials for a greener future.

## Smart Water Distribution System

Tariq Ansari, Dobariya Navneet, Giriraj Parmar and Prajal Vaghasiya won the first prize in the Rajkot Smart City Hackathon 2017 with their smart water distribution system project.

## Solar Panel Cleaning System

Vaghamsi Jaydeep, Makwana Manan, Nanda Yogesh and Chandra Vishal have developed automatic solar panel cleaning system which is a huge practical revolution in the solar industry.

# INDUSTRIAL CONSULTANCY

The Academic Staff of Darshan University is offering their technical expertise to various private & public sector entities by providing solutions to their various problems. It leads the enhancement of industry-academia partnership to fulfil both the technical and placement needs of the students.

## Earn While You Learn

This unique platform allows students to showcase their skills and earn financial rewards by participating in industrial projects carried out by various departments of the University.

### Consultancy Work Area

- Material Testing Jobs
- Environment Audit
- Concrete Mix Design
- Bituminous Mix Design
- Soil Bearing Capacity Job
- Quality Monitoring of MMGSY Roads
- Pavement Designs
- Structural Design
- Traffic Survey
- Plate Bearing Test
- Energy Audit
- Electrical Safety Audit
- Motor/Pump Testing
- Feasibility Study of PV Solar
- Thermal Imaging
- Power Quality Testing
- Equipment Design
- CAD & CAE
- Rapid Prototyping

# PROMINENT ALUMNI

The alumni of Darshan University have made remarkable contributions to the growth and development of our nation, ranging from infrastructure development to the service sector. 8000+ Alumni are serving as engineers, scientists, technocrats, academicians and entrepreneurs to benefit society and humanity. They represent the ethos of Darshan University across the world and makes a significant impact on society. The highly enriched alumni of DU serve as a link between the past and the present, aspiring to be the catalyst for a bright future.

# SPORTS

The University believes that sports plays a pivotal role in moulding students' personalities and maintaining good health. Moreover, the University celebrates an annual sports week to showcase their athletic talent. We also encourage students to participate at various levels. Sports facilities offered are Cricket, Volleyball, Football, Basketball, Kabaddi, Badminton, Table Tennis, Carrom, Chess, etc.

# FACILITIES

## Hostel

1100+ Accommodation Capacity ▪ Separate Hostel for **Boys & Girls** ▪ Fully Furnished **AC & Non-AC** Rooms with Bed, Wardrobe, Study-table, etc. ▪ Wi-Fi Facilities ▪ 24/7 Security & Surveillance Cameras ▪ Fully Equipped Gym ▪ Sports Facilities ▪ Refreshing Food Courts & Mess ▪ Newspaper ▪ Laundry

## Transportation

Transportation facility is available from **Rajkot, Morbi, Jamnagar, Gondal, Wankaner**, Tankara, Dhrol, Padadhari, Atkot, Jasdan & Shapar.

**75+** Buses equipped with GPS Tracking System.

## Cafeteria

Food Courts & Canteen facilities are available for students and staff members. We adopt special measures to ensure healthy and hygienic food quality.

Why Study @DU?

## DU ADVANTAGES

**Industry Oriented Curriculum**  
Syllabus as per the current need of industry

**Qualified Academic Staff**  
Highly Qualified, Experienced, Industry Linked Dedicated Academic Staff

**Project-based Learning**  
Extensive student-corporate interaction through internships and projects

**Skill Development Activities**  
Crafting students to be industry-ready through skill development activities

**State-of-the-art Laboratories**  
Continuous upgradation of laboratories to meet the dynamic industry needs

**Prominent Learning Resources**  
Providing world-class study material like video lectures, e-notes, presentations, etc.

**Academics Monitoring**  
Continuous assessment of each student through mentoring

**Seminars/Workshops**  
Exposure to latest technologies by industry experts

**Placement**  
Well networked with 1000+ industries and 90%+ placement track record

**Co-Curricular Activities**  
NCC & NSS Units, Student Clubs, Sports Week, Technical & Social Events, etc.

**World-Class Infrastructure**  
Explore a myriad of opportunities at the lush green campus
